

Using AMP for Web Accessibility

COURSE DESCRIPTION

This three-hour course will focus on how to use the Accessibility Management Platform (AMP), the web accessibility assessment tool made available by OITS. Regular evaluation with AMP is a key component of our critical, ongoing efforts to improve the accessibility of all of our websites and web applications, so whether you're new to AMP or would just like a refresher on how to get the most out of it, we hope you'll take this opportunity to become more familiar with this essential tool.

The training is free and open to State of Kansas agency personnel.

OBJECTIVES

- Understand how to use AMP
 - Examine the various AMP testing options
 - Understand how to navigate an AMP report
 - Examine new user interface features
 - Learn how and when to use the desktop and browser toolbar components
- Get hands-on experience with AMP
- Get answers to your questions
